Two Desperadoes Reported Hemmed in Five Different Localities Yesterday

With the fugitive San Quentin desperadoes, Floyd Hall and Joe Tanko, "definitely located" yesterday at Auburn, 34 miles northeast of Sacramento; at Loomis, six miles south from Auburn; in the southern part of the city of Sacramento; in a rowboat on the Sacramento river heading toward Oakland, San Francisco and way points; and at Modesto, expert opinion outside these centers of interest was to the effect that the whereabouts of the bandits were temporarily, at least, unknown.

Meanwhile, however, all the districts in which the escaped murder convicts were supposed to have been seen or traced, were reported as terror-stricken, while in each, resolute parties of armed men were conducting a man-hunt which was expected at any moment to yield up the outlaws dead or alive.

While a posse of police and deputy sheriffs, with drawn revolvers, were closing in on a thicket near Auburn, in which the bandits were supposed to be hiding, a similar posse was being organized at Modesto following the excited report of a Ceres rancher that he had given the bandits a ride; and almost

Paving Starts on New Outlet Artery to San Pablo Ave.

The first work in connection with the paving of Macdonald avenue, from Twenty-third street to San Pablo avenue was started this week. The contractors are now laying the curbs and gutters and grading the street itself in preparation for the actual laying of the paving surface. The sidewalks will also be started this week.

This piece of work, when finished will be of almost unlimited advantage to the city of Richmond as it opens a new artery from the main business district to the outside. The need of this paving has long been felt in this city. Formerly all traffic from Richmond to San Pablo avenue was forced to go by way of Cutting Boulevard on account of the bad condition of Macdonald avenue but in a very short time a smooth paved street will be available direct to the outside.

Y. M. C. A. BASEBALL

Ancient City and Bones of Man and Dog, Buried Ten Thousand Years, Unearthed in Southern Nevada Desert

Headed by M. R. Harrington, an expedition of the Museum of the American Indian, Heye Foundation, has unearthed an ancient city buried by the shifting sands of the Mohave desert. It is believed to be the oldest in the world and is said to be the site of a civilization that existed on the American continent some 10,000 years ago. The city stretches for six miles along the Muddy river between St. Thomas and Overton. The lower photograph shows the bones of a man and a dog unearthed during the excavation of the ruins. Twenty rooms of the old pueblo dwelling have been unearthed. Ancient pottery was found with the bones.

BIG MEETING ON WEST SIDE

One of the best attended and most successful meetings of the West Side Progressive association held thus far was conducted last night, with Mrs. Mattie Chandler, E. J. Garrard, John I. Collins and W. W. Scott candidates for the city council in attendance. They all made speeches in regard to their aims if they were elected to the position. All asked the cooperation of the association for their benefit.

Mrs. Chandler gave an outline of her work for the good of Richmond during the 12 years she has lived here. She said she had always worked for the benefit of the city, both in political and private life, and she gave her aims for further benefits if she is elected.

Scott gave a lengthy report of the growth of Richmond since its incorporation 20 years ago, and spoke of his work as councilman in past years, and what he would endeavor to do in future years if he is re-elected to office.

Collins declared he had lived in this city for many years and had built up a thriving business and that if he were elected as councilman he would do all he could, and strive just as hard for the success of the community as he did for the success of his business.

Easley Secures Main Artery From Contra Costa Co.

Through the efforts of Assemblyman Robert P. Easley, Contra Costa is to have another main artery from the outside provided by the state. What is known as the Easley road bill has passed the assembly and senate and is now on the desk of Governor Richardson, and it is the belief of those close in touch that the new measure will be signed and will become a law.

The bill incorporates that part of the road in Sacramento county up to the Antioch-Sherman Island bridge, and thence to the concrete highway connecting with the tunnel road. At the present time part of the road is in a bad condition, but provides a very short route via Stockton and to the northern part of the state.

Easley is a true representative of the people of this county and is using every effort to protect every section of the county.

CHURCHES HERE SPONSOR DRAMA ON MAY FOURTH

Sponsored by the Richmond Church Fellowship club, the Wright California players will appear at the Lincoln school auditorium, Monday evening, May 4, at 8 o'clock, in the great four-act play, "In the Shadow of the Cross," heralded as the most adorable play ever written.

This play, represented by the Wright California players, has been unanimously voted tremendously impressive. It is a unique and thoroughly acceptable interpretation of the dominant symbol and personality of the Christian system.

The artistry, the dramatic finesse and fervor, the costume, the convincing understanding of the parts carried by the players, all combine to hold children, youths and adults in breathless attention. It is once a sermon, a drama, and entertainment and a challenge of amazing proportions.

The cast contains a large number of characters, including comedians and tragedians, and the performance runs the sequence and time of a complete drama. All Richmond churches are interested in its production here.

GOVERNOR TO CONSULT WILL OF THE PUBLIC

Richardson Indicates If People Do Not Want Gas Tax Increase He Will Veto Bill

WILL MAKE CAREFUL SURVEY

Intends to Sound Out Sentiment Of Public Before Affixing Name to Measure

(By Universal Service)
SACRAMENTO, April 23.—Governor Friend W. Richardson today issued a statement on the gasoline tax increase bill, in which he indicated he will veto the bill if it is not the will of the public generally. At the same time he emphasized the need for money for highway construction. He will make a careful survey of public opinion.

The governor's statement follows: Money for new highway financing must be provided. The work of completing California's splendid system of highways must be continued. The highway department will be sustained in its good work. Abundant time will be taken and a sincere endeavor made to secure and observe the will of the people.

PLANS CAREFUL INQUIRY
After the smoke of the gasoline battle clears I propose to make a careful inquiry as to the sentiment of the people in regard to the proposed gas tax increase.

"The Air Mail" Is Thriller at The California Theatre Today

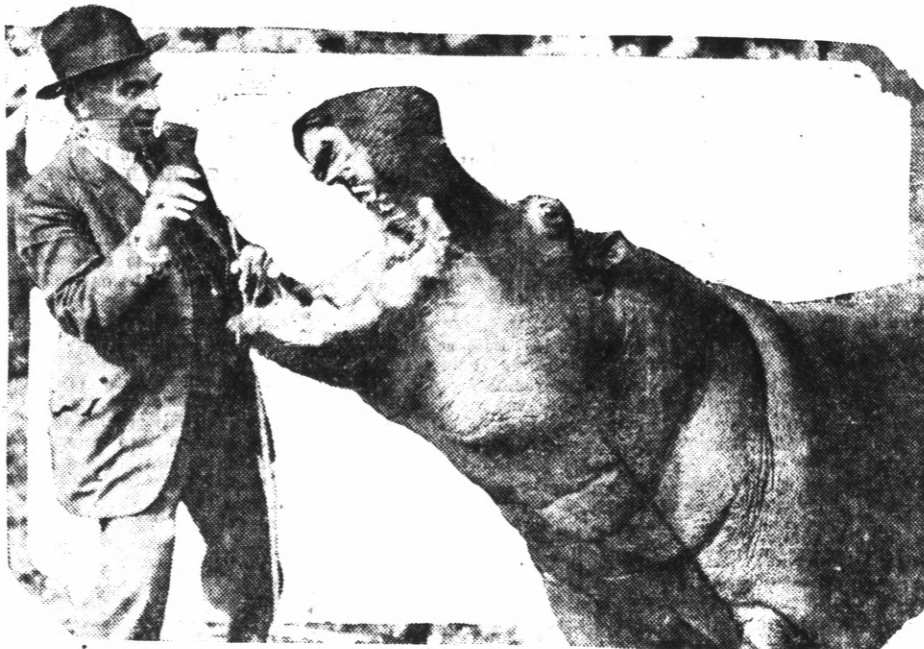

Warner Baxter and Billie Dove in the Irvin Willat Production "The Air Mail" A Paramount Picture

The once little thought of air mail, now pioneering the way in commercial aviation and demonstrating that it is practicable to carry passengers, carrying planes on wheels, and over vast distances day and night, winter and summer, has become a screen thriller at the California theatre today in Paramount's "The Air Mail," produced by Irvin Willat from an original screen story by Ben Vorstan, who wrote "Red of the South" and others.

Warner Baxter, Billie Dove, Mary Brian and Douglas Fairbanks Jr. have featured roles in the production, adapted for the screen by James Shelton Hamilton.

We can't imagine anything more fascinating or thrilling than the post-tured flights of the feathered art then on they are best of friends.

LARGEST HIPPOPOTAMUS IN WORLD WITH AL. G. BARNES CIRCUS HERE NEXT MONDAY

She never dined at the Ritz nor slipped tea in Greenwich Village. No Sir! Not Lotus. But regardless of this fact, she can give the average frequenter of the best restaurant a lesson or two when it comes to eating.

For Lotus knows all about table manners, and why shouldn't she? She eats a bushel of carrots and a bale of hay every lunch hour and washes it down with a barrel of "aqua pura." Lotus is the largest and only performing blood-sweating hippopotamus in the world. She will entertain you when she comes to Richmond, Monday, April 27 with the Al. G. Barnes Big 4 Ring Circus.

Lotus doesn't mind being fat and proves it by eating more and more every day. And she's impatient sometimes when she's real hungry when her owner-trainer is a trifle slow, she says, "Let go of those carrots, Al. G. Al. G. Barnes, and make it snappy!"

Lotus is only one of the 2000 trained wild animals and 350 educated horses in the Barnes circus.

The feature of the age, "Pocahontas at the Court of Queen Anne," the extravaganza, which includes in the gigantic cast over a hundred pretty girls from sun-kissed California and three tribes of Indians from Arizona, Nevada and New Mexico. Most of the ballet and chorus girls in the cast have appeared in West Coast motion picture productions.

You will also see the greatest movie star of them all Joe Martin himself.

It's the show that's distinctly different every year.

HIGH CLASS DANCE ORCHESTRA

A high class dance orchestra will play here tonight, April 24, at Winters ball room. The musicians are artists, everyone a master of his instrument. Dancing starts promptly at 8 o'clock.

Charles Ray Stars In Richmond Film

Hugh Walpole's observation that "It isn't life that matters, it's the courage you bring to it" is used as the introduction to "Dynamite Smith," the Thomas H. Ince production that brings Charles Ray back in the beautiful boy type of story that made him famous.

Gladstone Smith, known among his newspaper associates as "Dynamite Smith," was a timid young man who lived in his books and glanced fearfully at life as it hurried by. Its currents and whirlpools, its dangers and temptations, its tempests and passions were unknown to him. And

then, suddenly, he was swept into the maelstrom!

There came a night when "Dynamite Smith" was sent to "cover" a murder at the Diamond Cafe, on the Battery Coast. There he learned the meaning of fear. He saw it first in a woman's eyes, a mere wisp of a human being on whose painted face was written the tragedy of a broken, hopeless life. And later he himself felt fear's awful clutches. He learned its power to drive one beyond the strength of human endurance; and then he learned to conquer and over-power its terrors.

A real Charles Ray role is "Dynamite Smith," which will be shown today and tomorrow at the Richmond theatre, bringing the famous actor back under the production banner of Thomas H. Ince, C. Gardner Sullivan, who wrote "The Coward," the picture that established Ray for all time as a splendid emotional actor, wrote "Dynamite Smith." It was directed by Ralph Ince and the cast includes Bessie Love, Jacqueline Logan and Wallace Berry. San Francisco and Alaska are the locales of the story.

Other features on the same program include the fifth thrilling chapter of "Haunted Valley," starring Ruth Roland; "Hoboken Nightingale," a cartoon comedy.

Elects Officers
at San Rafael Meet

Thirty members of the Club Mendelssohn of Richmond, met yesterday at the home of Mrs. Clinton Smith in San Rafael and spent a delightful afternoon. The party left Richmond at 11:40 and were served a delicious luncheon at 1 o'clock.

After the luncheon a business meeting was held, presided over by President Mrs. R. H. Clarke, at which tentative plans were made for the annual anniversary celebration to be held sometime in the latter part of May, the exact date to be fixed later.

Election of officers followed, and as, under the by-laws of the club, no officer may succeed herself, all new officers were chosen, as follows: President, Mrs. E. T. Parker; Vice-President, Mrs. James Stuart; Corresponding Secretary, Mrs. Geo. Harlow; Recording Secretary, Mrs. B. W. Brothers; Treasurer, Mrs. J. Mythen; Parliamentarian, Mrs. Billy Brown.

In an interesting program that was enthusiastically received, Mrs. Paul Dunlap gave two readings, "Fair California" and "My Hero." A quartet composed of Mrs. J. O. Ford, Mrs. J. Stuart, Mrs. E. W. Brothers and Miss Jessie Lambrecht, accompanied by Mrs. John Griffin, gave three numbers, "Smilin' Thru," "The Sweetest Flower that Blooms," and "Mighty Lak'a Rose."

Returning home last evening, the party reported having enjoyed one of the loveliest days in the experience of the club membership.

CHILDREN THAT LOVE OUR MILK

OUR PROUD
REPUTATION

That the Purity Creamery of Richmond is one of the best conducted and most sanitary plants in the state was the opinion of speakers who sponsored the new milk ordinance before the city council at its meeting this week.

Dr. Blake and others spoke in high terms about the local creamery which is said to have passed all state inspections with high scores under the pure food act. It has always merited the very best reports, it was said.

Grow strong and sturdy. Its richness and purity make it the best and most wholesome food drink on earth. Try it for a time and you'll be so delighted with the result that you couldn't be persuaded to use any other milk. It costs no more. It is worth much more.

Tentative plans were formulated at the meeting of the Y. M. L. in Pythian Castle last night for the Grand Council convention at Yosemite Valley during the week of July 17 to 23, inclusive.

Jiggs and Maggie and their daughter held court at the Community Methodist church last night, the occasion being the serving of a bountiful corn beef and cabbage dinner, arranged by the Women's Missionary society of the church, of which Mrs. B. F. Betterton is president.

During the banquet a Jiggs and Maggie skit was put on, with Rev. M. H. Greenlee taking the part of Jiggs and Mrs. B. F. Betterton playing the part of Maggie and the daughter played by Thelma McCausland. They occupied the stage above the other diners and made remarks in the comic supplement. At the close of the banquet Maggie started her usual rough house with Jiggs as the victim, much to the great amusement of the audience.

There was a capacity attendance and the proceeds for the event will be used for the church budget funds of the Missionary society.

On the supplementary program Miss McCausland and Mrs. Greenlee gave solos.

GOVERNOR TO

(Continued from Page 1)

The vote on this measure was very close. In the Senate the vote was 20 to 20, when a Senator changed from no to aye. The vote in the Assembly stood 40 ayes and 36 noes, when two votes were changed from no to aye.

There has been much feeling in regard to this bill and the vote was so evenly divided that it will be necessary to conduct an investigation to see if it is representative of the will of the people. The opportunity to decide this issue on its merits, free from all prejudice, is welcomed by me. In considering this measure I propose first, to sound public sentiment as to the additional one-cent gas tax; second, to consider highway financing with the Highway Commission, the Controller and the Board of Control; the third, to weigh the Senate amendment to the bill, which may tend to place road building on a "pork barrel" basis and may possibly destroy the beneficial purpose of the budget constitutional amendment.

CITES NEUTRALITY.
I have been absolutely neutral on this bill during the past two months and have told all Senators and Assemblymen who have inquired, to vote their own convictions upon the proposed increase. My sole activity has been to free the bill of objectionable amendments.

We wish to express our sincere thanks for the many acts of kindness and floral offerings sent by the Community of Richmond, the employees of the Cemented Co. and the K. P. Lodge during our recent bereavement in the death of our son and brother, Frank Gray.

the mapping out of courses of action to attain various improvements. No individual organization will be bound by any concerted act of the Round Table.

FOR MUTUAL ASSISTANCE
Guy W. Wolf acted as chairman and told how a similar community council had been attempted a year ago, but had not been consummated, and said that the presidents and secretaries had now been called together for the purpose of forming a Round Table for informal discussions and mutual assistance; to meet once a week for the discussion of problems and taking the results of the conferences back to the individual organizations. He said it would be simply an advisory board, and informal, and the discussions or conclusions of the board would not be binding on any other organization.

Mrs. Winifred Burdick, of the Richmond club, said that last year the club felt the rules were a bit too stringent, but since all were working for the same end she believed that they should all work together. She favored the formation of such an organization at the present time.

Octavia Delap, of the Teachers' association, said the proposition was something new to her but she could see no objection or reason for opposing it. In this connection it was pointed out by Guy Wolf that the teachers of today are in contact with the people who will run Richmond the day after tomorrow, and declared that civic pride is largely a matter of native pride and the apparent lack of it in Richmond now is chiefly due to the fact that the town is new and its leaders are not natives.

MEET NEXT THURSDAY.
The next meeting will be held on next Thursday afternoon, for which a program will be prepared. By-laws of the organization will be drafted this week by Guy Wolf. Two or three organizations were not represented at the meeting but had signified their intention to co-operate.

Those present yesterday were: Guy W. Wolf, Chamber of Commerce.

Hall W. Sanders, president of Kiwanis club.

C. M. Patten, West Side Progressive Association.

J. H. Fitzpatrick, Kiwanis club and American Legion.

H. A. Johnston, president of the Chamber of Commerce.

A. L. Paulsen, president Contra Costa Board of Realtors.

C. C. Kratzer, Rotary club.

Mrs. H. E. Johnston, South Richmond Improvement club.

Octavia Delap, Richmond Teachers' association.

Kate A. Cole, Civic Center club.

Winifred Burdick, Richmond club.

Helen Kingsbury Richmond Business and Professional Women's club.

Dr. Rosa C. Powell, president Richmond Business and Professional Women's club.

M. M. Jensen, secretary Merchants association.

Mrs. M. H. Edgar, Federated P. T. A.

Mrs. M. W. Morgan, proxy, P. T. A.

John I. Collins, Lions club.

SAN QUENTIN

(Continued from Page 1)

at the same moment a squad of Sacramento police under Chief of Police Barney McShane, armed with sawed-off shotguns, was racing toward the southern section of the city for a battle to the death with the bandits, who were said to be entrenched in a house there.

While the man-hunt drama was thus being enacted on three stages at once, a fourth version was suddenly launched at Freepoint, on the east side of the Sacramento river, 12 miles south of Sacramento.

THEFT OF ROWBOAT.
Frank Souza, ferryman at Freepoint, reported that a rowboat had been stolen some time during the early morning hours. This was considered at Freepoint as conclusive proof that Tanko and Hall had passed that way, and had taken this means of continuing their journey down the river.

It was pointed out that the current, which is so strong at present that it is almost impossible to row against it, would favor their quick descent toward the Delta region, with its numerous sloughs. There are also many thick growths of tules along the river below Freepoint in which the men might easily take cover, it was declared.

It was also suggested that the murderers might continue on through Carquinez Straits to the Bay region, where they might expect to drop out of sight.

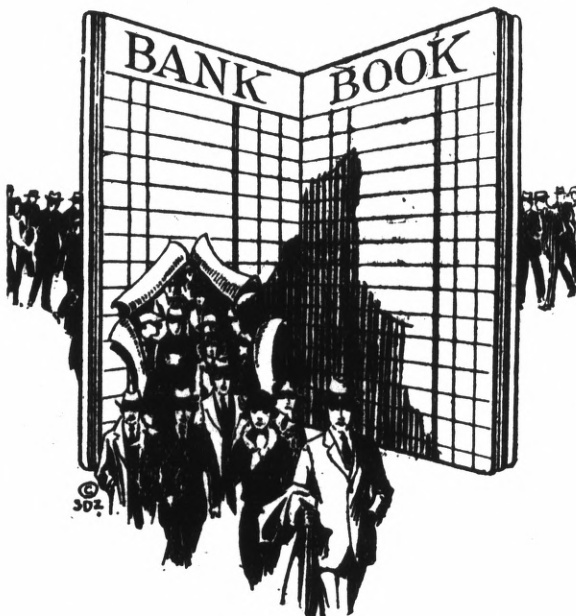

Posses were immediately organized to search along both banks of the river, while preparations were made to pursue the fleeing rowboat with motorboats.

SCOFFS AT REPORTS.
At Auburn, where early reports were to the effect that the bandits had been seen and fired upon during the night, and had escaped to an orchard and then into a dense thicket, Sheriff Elmer Gum declared he did not believe Tanko and Hall were in his county at all. He discounted the reports of residents about Loomis to the effect that they had seen the men, haggard and worn with exhaustion and both carrying rifles. The persons seen, Gum said, were probably hunters. He said the county contains many foreigners who are strangers to the older inhabitants, and that many of these are in the habit of hunting in the foothills.

In spite of the sheriff's doubts, however, a posse of 60, including Sacramento policemen and deputy sheriffs, was searching through all the wooded areas around Loomis and for some distance toward the Sierras and airplanes were being flown over the entire district in an attempt to discover the bandits in their hiding place from above.

up and Councilman Carried stated that the street car company would do nothing about the matter because of lack of funds. It was said, however, that if the community could show that it was a public convenience and necessity, the State Railroad commission would force the company to lay double tracks.

It was stated that the Southern Pacific company would remove the old tracks on Washington avenue as soon as the weather permitted paving to be done after the tracks are removed. It is impossible to pave the street now as the rain would run down under the pavement and cause a great deal of trouble.

The question of opening up Marine drive for residences has been under consideration for some time and last night it was announced that the Nicholl company would dispose of its holdings in that district and would be willing to cooperate in putting the land on the market.

Miss Katherine McCracken, stated at the meeting that the people on

Western drive are desirous of having a road opened, and H. H. Turley stated that the drive could be put through at what he believed would be a reasonable figure provided the assessment district could be made large enough. The association has organized a campaign to put the drive through.

C. M. Patten told of attending a meeting at the chamber of commerce rooms yesterday afternoon of the presidents and secretaries of the various civic organizations of the city at which a round table was formed. It was decided to meet once a week and discuss various subjects that would benefit Richmond as a whole. The West Side Progressive association went on record as favoring such an organization.

Mrs. Billy Brown and Mrs. G. W. Topping also addressed the meeting which was presided over by Emil Esola, chairman of the evening. A large number were in attendance and the ways and means committee, composed of C. F. Westwood, chairman, Mrs. Eaton, and Miss Katherine McCracken, were instructed to make arrangements for a whist party to be held on May 14 at the Point Masonic hall.

National Swimming Championship Test Is On

WORLD'S RECORD MADE ON FIRST DAY OF EVENTS

By GEORGE E. SCHROTH

Captain of Olympic Club Swimming Team and former member of American Water Polo team at Olympic Games.

Written expressly for Universal Service.

SAN FRANCISCO, April 23.—Crash! One world's record and two upsets marked the opening day of the big national swimming championships held in the Fleishacker pool here today.

Walter Spence of the Brooklyn Y. M. C. A. not only beat Arne Borg, Sweden's premier merman and the heralded winner of the medley event, but set a world record of 3:55 besides. The other upset in dope was the downfall of the champion Illinois Athletic club water polo seven. The polo men stacked up against the Olympic club of this city and were defeated 2 goals to 1. It might be well to mention that it was through the consistent and repeated fouling tactics which defeated the I. A. C. team. The referee's whistle sounded time and again on account of the rough holding tactics used by the Chicago players.

The Chicago Athletic Association defeated Stanford University in the other water polo game 4 goals to 0. This gives them the right to play for first place against the Olympic club Friday afternoon.

Arne Borg won the national crown in the 220 yard swim in the fast time of 2:19 2-5. Harry Glancy of Cincinnati came from behind to push the Swede swimmer to his limit at the final lap. Wallace O'Connor a member of the Olympic Games team at Paris swam into third place. Al White held his diving crown by running up 135.5 points in the low board diving. Pete Desjardines of Miami, Florida placed second with a total of 132.7 while H. Halversen of the Chicago Athletic Association dove into third place with 123.

Johnny Weissmuller attempted to break the world's record for 50 yards but failed by three fifths of a second. Weissmuller's time was 23: 2-5.

The events to be held tomorrow are the 100 yards free style, 220 yards breaststroke and 150 yards backstroke.

Paul Wyatt the young high school boy from Uniontown Pa. is the favorite for the backstroke. The youngster has been going great in practice. Conrad Mila of the I. A. C. is looked upon as his most dangerous opponent. It is this event that is arousing the most interest among the fans. Johnny Weissmuller is expected to be an easy winner in the century swim while Robert Skelton of the I. A. C. Farley of the University of Minnesota and Walter Spence will put up a great battle in the 220 yard breaststroke. Spence swam a wonderful 100 yards in his breaststroke lap in the medley and it boosted his stock 25 percent.

WANTED FOR PERJURY

Constable Arthur A. Alstrom is searching for William Grutisch, until recently a proprietor of a tin shop at 214 Seventeenth street, but who left Richmond Saturday night, after having settled his accounts. Alstrom said Grutisch is charged with having perjured himself and attempted to defraud creditors by concealing his assets. The cause of the trouble was an interlocutory decree of divorce granted to his wife in the San Francisco superior court on April 13. On a body attachment, the process server must bring the defendant into court dead or alive.

More Race Tracks For Next Winter

By THOMAS L. CUMMISKEY

Universal Service Sports Correspondent.

NEW YORK, April 16.—It is probable that there will be four race tracks in Florida during next winter's season. A fine, free-for-all is sure to ensue, if such proves the case, in the rather important matter of getting horses and making money.

In addition to the Miami track, which got under way this season, Harry E. Prettyman, developer of Oldsmar, situated north of St. Petersburg and Tampa, has announced a mile track will be ready for operation there by Thanksgiving Day. He proposes to have two meetings of thirty days each before and after the Miami races.

Curtley Brown, operator of Havana track, is planning to build a track at Jacksonville, which had racing years ago, and another track, concerning which there has been much talk for some time, is planned for Saratoga, owned by John Ringling, the circus man.

With two racecourses at New Orleans at Jefferson Park and the Fair Grounds, and Jim Coffroth's track at Tia Juana, the big question is: "Who's going to win out?" Then, too, Havana may try it again, though it is reported that the competition this year has worried its backers.

The operator who can put up the most inducements to horsemen is the one that will be the winner, as the crowds go to the best races, if four tracks are attempted in Florida unless some agreement is worked out to prevent conflicting dates. Prettyman says the programme at his course will not conflict with Miami's. Business men and turfmen of the Miami plant and the association to be known as the West Coast Jockey Club, which will run the Oldsmar course, are said to have agreed on this point.

But whether an agreement could be worked out to avoid racing at the same time at Jacksonville and Sarasota as at Miami or Oldsmar is doubtful unless programmes are greatly curtailed in length. There is no central supervision now in the matter of dates such as obtains under the tracks controlled by The New York, The Maryland and The Kentucky Jockey Clubs.

Havana and the Fair Grounds meet at New Orleans are said to have lost much money this year. Tia

Game Tonight in Twilight League

The Twenty-third street diamond will be the place tonight at 5:35 o'clock of what looks like a hot contest. The game is between the Santa Fe and the Mercantile Trust ball clubs, both strong teams that are out to win.

The first game next week will be at 5:30 o'clock Monday afternoon when the W. S. MacRacken cohorts tangle with the El Cerrito Merchants at the First street ball park.

Although the season is yet still in its infancy the teams are showing some fine stuff and before very long, the fans will not have to go to Oakland or San Francisco to see big league baseball.

Richmond Third In East Bay Bowling

Richmond took third place in the East Bay Bowling league in the final game played last night, with the Nucleus of San Jose leading, and the Baffle Bars of Oakland second. The league banquet will be held next Thursday evening at Dorgan's Grill, in Oakland.

Scores at the local alleys last night were as follows:

AMBROSE TAILORS, OAKLAND
Elos 180 213 188—581
Nelson 179 199 198—576
Montgomery 213 195 165—573

TOTAL 924 943 1033 2900

Stockton—\$3,000,000 bond issue planned for construction of 26-foot waterway from this city to San Francisco Bay.

Juana and Miami are reported to have had prosperous seasons. One certainly has to be a gambler of the first rank to go in for race track operation during the winter season as it is. And this, by all signs, will be more true next winter.

ARMY ENGINEER TO SPEAK HERE, SURVEY HARBOR

Major John W. N. Schultz, district engineer of the war department in charge of harbor development in Northern California and Albert E. Carter, member of congress from Alameda county, will be guests and speakers at the Chamber of Commerce monthly dinner at the First Christian church on May 8. A thousand men and women of Richmond were extended invitations to the dinner by mail yesterday and reservations will be filed in order of receipt. The committee is working out a splendid program of music and special entertainment.

The Richmond Chamber of Commerce received word yesterday that in the latter part of May or early June a detailed survey of Richmond harbor will be made by Major J. W. N. Schultz. He will make a study of the conditions at the water front and future government development of the harbor will depend largely on his findings.

As there is a limit to funds for government improvement work in harbors, those in charge of the expenditures will recommend only those that are necessary and deserved by the cooperation offered by the cities affected. This cooperation will enter largely in Major Schultz's report.

"Richmond will have only herself and procrastination to blame in case the findings of the survey are that additional government expenditures are not justified at the present time," says a chamber statement.

"Although much has been said regarding possible improvement on both the inner and outer harbor and estimates have been made for facilities there to accommodate freight offered, actual work carried on or under way there will in all probability be the only things having any bearing on the findings of the government engineers."

AVENUE PROPERTY SOLD

The M. H. Hays company has handled the deal whereby the property of H. B. Turner and Mrs. Stefanie Benndorf has sold the 90 by 100 foot corner lot at San Pablo avenue and Cutting boulevard to Bruce T. Sweeney. The Standard Oil Service station occupies the property. The price was \$16,000 according to revenue stamps on the deed, which is on file at the county recorder's office.

What a Pity

To waste a day. A pleasant morning drink prevents it always.

Think of the days lost by headache by dullness, by unfitness. Just because the stomach isn't right, or the bowels are clogged by poisons.

That's all unnecessary. Millions now prevent those lost days by an easy, pleasant method.

On rising drink a glass of water, hot or cold. That washes out the stomach before breakfast.

Add to that water a little Jad Salts. That makes it delightful and sparkling. Jad Salts are made from acids of lemon and grape, combined with lithia.

In an hour comes a wonderful change. The poisons are eliminated. All that makes you miserable is gone. The day becomes sunny, you become fit. You feel as you felt when a child.

You gain a day, which otherwise is lost. You place yourself at your best. Try Jad Salts one morning in your glass of water. It will bring a revelation. You will never again let a day start wrong. All druggists have Jad Salts.

When John Alden and Priscilla started house keeping

Back in the year 1621, Priscilla roasted her meat on a long iron spit hung in the fireplace. She turned it often to expose all sides to the heat.

Today how different! You can put your roast, vegetables and casserole dishes in your Wedgewood oven, set your automatic heat controller at 250 and go to a bridge party. Four hours free with no worry about dinner.

Once you own the latest Wedgewood, you'll find new delight in cooking. Proudly you'll offer your family your own rolls and cakes, light, tender, daintily browned, and your own savory roasts. Through the years, Wedgewood will faithfully serve you. It's built to last. Its front is cast iron, strong and enduring. Its oven bottom, cast iron. Its double oven walls, Armco iron famed for endurance. Its closed cooking top and flush oven doors portray the modern ideal of range cleanliness and beauty.

As a Special Inducement During Gas Appliance Week, we will allow \$5.00 on all Large Stoves, \$2.50 off on the Smaller Models, and \$2.50 on all Water Heaters. Take advantage of this offer. Also turn in your old stove.
